- (a) The benefits of the proposed treatment and services;
- (b) The way the treatment is to be administered and the services are to be provided;
- (c) The expected treatment side effects or risks of side effects which are a reasonable possibility, including side effects or risks of side effects from medications;
- (d) Alternative treatment modes and services;
- (e) The probable consequences of not receiving the proposed treatment and services;
- (f) The time period for which the informed consent is effective, which shall be no longer than 15 months from the time the consent is given; and
- (g) The right to withdraw informed consent at any time, in writing.

(2) An informed consent document is not valid unless the subject patient who has signed it is competent, that is, is substantially able to understand all significant information which has been explained in easily understandable language, or the consent form has been signed by the legal guardian of an incompetent patient or the parent of a minor, except that the patient's informed consent is always required for the patient's participation in experimental research, subsection to drastic treatment procedures or receipt of electroconvulsive therapy.

(2m) In emergency situations or where time and distance requirements preclude obtaining written consent before beginning treatment and a determination is made that harm will come to the patient if treatment is not initiated before written consent is obtained, informed consent for treatment may be temporarily obtained by telephone from the parent of a minor patient or the guardian of a patient. Oral consent shall be documented in the patient's record, along with details of the information verbally explained to the parent or guardian about the proposed treatment. Verbal consent shall be valid for a period of 10 days, during which time informed consent shall be obtained in writing.

(3) The patient, or the person acting on the patient's behalf, shall be given a copy of the completed informed consent form, upon request.

Oral notification may be accomplished by showing the patient a video about patient rights under s. 51.61, Stats., and this chapter. The guardian of a patient who is incompetent and the parent of a minor patient shall also be notified, if they are avail-

able. Notification is not required before admission or treatment when there is an emergency.

Note: The statute does not make distinctions among types of treatment facilities when it comes to protecting patients' rights. Some rights may be more applicable to patients in inpatient facilities than to patients in less restrictive facilities such as sheltered workshops or outpatient clinics. When informing patients of their rights, facility directors may emphasize those rights that are most applicable to the particular facility, program or services but s. 51.61, Stats., requires notification that other rights exist and may, under some circumstances, apply in a given situation.

(2) Before, upon or at a reasonable time after admission, a patient shall be informed in writing, as required by s. 51.61 (1) (w), Stats., of any liability that the patient or any of the patient's relatives may have for the cost of the patient's care and treatment and of the right to receive information about charges for care and treatment services.

(3) Patients who receive services for an extended period of time shall be orally re-notified of their rights at least annually and be given another copy of their rights in writing if they request a copy or if there has been a statutory change in any of their rights since the time of their admission.

(4) If a patient is unable to understand the notification of rights, written and oral notification shall be made to the parent or guardian, if available, at the time of the patient's admission or, in the case of an outpatient, before treatment is begun, and to the patient when the patient is able to understand.

(5) All notification of rights, both oral and written, shall be in language understood by the patient, including sign language, foreign language or simplified language when that is necessary. A simplified, printed version of patients rights shall be conspicuously posted in each patient area.

Note: A simplified version of patient rights in poster form is available from the Division of Mental Health and Substance Abuse Services, P.O. Box 7851, Madison, WI 53707 or at www.dhs.wisconsin.gov/clientrights.

(2) (a) Good cause for denial or limitation of a right exists only when the director or designee of the treatment facility has reason to believe the exercise of the right would create a security problem, adversely affect the patient's treatment or seriously interfere with the rights or safety of others.

(b) Denial of a right may only be made when there are documented reasons to believe there is not a less restrictive way of protecting the threatened security, treatment or management interests.

(c) No right may be denied when a limitation can accomplish the stated purpose and no limitation may be more stringent than necessary to accomplish the purpose.

(3) At the time of the denial or limitation, written notice shall be provided to the patient and the guardian, if any, and a copy of that notice shall be placed in the patient's treatment record. The written notice shall:

(4) Within 2 calendar days following the denial, written notice shall be sent as follows:

(a) If the patient is a county department patient, to the county department's client rights specialist and, in addition, if the patient is in a department-operated facility, to the department's division of care and treatment facilities; and

(5) The treatment facility director or that person's designee shall hold an informal hearing or arrange for the person who made the decision to limit or deny the right to hold a meeting within 3 days after receiving a hearing request or a request for a meeting with the person who made the decision from a patient whose rights have been denied or limited. The treatment facility director or designee, in the case of a hearing, or the person who made the decision to limit or deny the right, in the case of a meeting, shall consider all relevant information submitted by or on behalf of the patient when rendering a decision.

(2) No patient may be transferred to a setting which increases personal or physical restrictions unless the transfer is justified by documented treatment or security reasons or by a court order.

Note: Refer to ss. 51.35 (1) and 55.15, Stats., for transfer requirements in cases that are different from those covered under s. 51.61 (1) (e), Stats.

(3) Inpatient and residential treatment facilities shall identify all patients ready for placement in less restrictive settings and shall, for each of these patients, notify the county department or the county social services department of the identified county of responsibility, as determined in accordance with s. 51.40, Stats., and shall also notify the patient's guardian and guardian ad litem, if any, and the court with jurisdiction over the patient's ch. 51 or 55, Stats., placement, if any, that the patient is ready for placement in a less restrictive setting. The county department or the county social services department shall then act in accordance with s. 51.61 (1) (e), Stats., to place the patient in a less restrictive setting.

(4) Except in an emergency when it is necessary to prevent serious physical harm to self or others, no medication may be given to any patient or treatment performed on any patient without the prior informed consent of the patient, unless the patient has been found not competent to refuse medication and treatment under s. 51.61 (1) (g), Stats., and the court orders medication or treatment. In the case of a patient found incompetent under ch. 54, Stats., the informed consent of the guardian is required. In the case of a minor, the informed consent of the parent or guardian is required. Except as provided under an order issued under s. 51.14 (3) (h) or (4) (g), Stats., if a minor is 14 years of age or older, the informed consent of the minor and the minor's parent or guardian is required. Informed consent for treatment from a patient's parent or guardian may be temporarily obtained by telephone in accordance with s. DHS 94.03 (2m).

(5) A voluntary patient may refuse any treatment, including medications, at any time and for any reason, except in an emergency, under the following conditions:

All programs providing services or residential care to persons who need the services or residential care because of mental illness, a developmental disability, alcoholism or drug dependency, as those terms are defined in s. 51.01, Stats., shall have a grievance resolution system which complies with the requirements of this subchapter.

(2) WRITTEN POLICIES. A program shall have written policies which provide that:

(a) Staff of the program know and understand the rights of the clients they serve;

(b) Fair, responsive and respectful procedures are available which permit clients to obtain resolution of their grievances within the time frames provided in this subchapter;

(c) Staff and clients are instructed in both the formal procedures by which clients may seek resolution of grievances, and informal methods for resolving client concerns; and

(d) Staff who act as client rights specialists, or private individuals with whom the program contracts for this service, are trained in the procedures required by this subchapter, techniques for resolution of concerns and grievances and the applicable provisions of ch. 51, Stats., ch. DHS 92 and this chapter.

(3) CLIENT RIGHTS SPECIALIST. (a) Each program or coalition of programs shall designate one or more persons to act as client rights specialists.

(b) The client rights specialist may be an employee of the program or of one of the programs in a coalition or may be a person under contract to a program or to a coalition of programs.

(c) The client rights specialist assigned to conduct a program level review under s. DHS 94.41 shall not have any involvement in the conditions or activities forming the basis of the client's grievance, or have any other substantial interest in those matters arising from his or her relationship to the program or the client, other than employment.

(d) If at any time during the formal resolution process a grievant wishes to switch to the informal resolution process, and the other parties agree to the switch, the client rights specialist may suspend the formal resolution process and attempt to facilitate a resolution of the matter between the parties without prejudice to positions of the grievant or the program.

(e) If the client chooses to use the informal resolution process and the matter is resolved, the client rights specialist shall prepare a brief report indicating the nature of the resolution and file it with the program manager, with copies to the client, any person acting on behalf of the client pursuant to s. (c) The informal resolution process may be used pending initiation of the formal resolution process or as an adjunct during the formal resolution process.

(d) The informal resolution process shall be adapted to the particular needs and strengths of the clients being served by the program in order to assist them and any persons acting on their behalf to participate in and understand the process as much as possible.

(e) Any applicable time limits of the formal resolution process shall be suspended during the use of the informal resolution process until a grievant indicates that he or she wishes the formal resolution process to begin or until any party requests that the formal resolution process resume.

(5) FORMAL RESOLUTION PROCESS. Each program shall have a formal resolution process for program level review of grievances under s. DHS 94.41 which includes:

2. Preparing reports that include factual findings, determinations of merit and recommendations for resolving grievances;
3. Completing the review process within the time limits of this subchapter;
4. Maintaining impartiality in the conduct of the inquiry; and
5. Permitting both clients and staff an equal opportunity to be heard during the process;

(c) A method for informing clients and their guardians, parents and advocates about the way grievances are presented and the process by which reviews of grievances are conducted which takes into account any special limitations clients of the program may have and adapts the system to allow clients to participate in the process to the fullest extent possible;

(d) A process for responding to decisions on grievance reviews at any level that provides for rapid and accurate compliance with final determinations as well as orders for interim relief under s. DHS 94.50;

(e) A provision that, at any time, if all parties agree, the formal resolution process and any applicable time limits may be suspended to allow the parties to attempt an informal resolution of the matter under sub. (4), facilitated by the individual conducting the review at that level of the process. If time limits are suspended, they shall begin running again upon request of any party that the formal process be resumed.

(6) PROTECTIONS FOR CLIENTS AND ADVOCATES. A program shall have policies and procedures in place which provide that no sanctions will be threatened or imposed against any client who files a grievance, or any person, including an employee of the department, a county department or a service provider, who assists a client in filing a grievance.

DHS 94.41 Program level review. (1) PRESENTATION OF GRIEVANCE. (a) A program shall establish a flexible and open process through which clients and those acting on behalf of clients can present grievances.

Note: See DHS 94.49 for grievances presented on behalf of clients, including clients under guardianship.

(b) A grievance may be presented to the program manager or any staff person in writing, orally or by any alternative method through which the client or other person ordinarily communicates.

(c) Whenever possible, a program shall attempt to resolve a grievance at the time it is presented by listening to the nature of the complaint and by making adjustments in operations or conditions that respond to the individual needs of the client.

(d) If a grievance cannot be immediately resolved, the person presenting the issue shall be given the option of using the program's formal or informal resolution process.

(e) If the informal resolution process under s. DHS 94.40 (4) is chosen, any time limits in sub. (5) shall be suspended while the parties work out their differences.

(f) If the formal resolution process under s. DHS 94.40 (5) is chosen, the program shall refer the grievance to a client rights specialist who shall conduct an inquiry and file a report as provided in subs. (2) and (3).

(2) INQUIRY BY CLIENT RIGHTS SPECIALIST. (a) Upon receiving a referral, the client rights specialist shall meet with the grievant and the client, if different, and any staff member who may be named in the complaint, identify the matters at issue and explain the process for seeking formal resolution of grievances.

(b) If the grievance was presented orally or through an alternative form of communication, the client rights specialist shall assist the grievant in putting the grievance into writing for use in the ongoing process. A copy of the written grievance shall be given to the grievant and the client, and included in the report.

(c) 1. If there are facts in dispute, the client rights specialist shall conduct an inquiry into the incidents or conditions which are the focus of the grievance.

2. The program manager shall provide the client rights specialist with full access to all information needed to investigate the grievance, all relevant areas of the program facility named in the grievance and all records pertaining to the matters raised in the grievance.

3. The inquiry of the client rights specialist may include questioning staff, the client or clients on whose behalf the grievance was presented, other clients, reviewing applicable records and charts, examining equipment and materials and any other activity necessary in order to form an accurate factual basis for the resolution of the grievance.

(d) When an inquiry requires access to confidential information protected under s. 51.30, Stats., and the client rights specialist conducting the inquiry does not otherwise have access to the information under an exception found in s. 51.30 (4) (b), Stats., the client, or the guardian or parent of the client, if the guardian or parent's consent is required, may be asked to consent in writing to the release of that information to the client rights specialist and other persons involved in the grievance resolution process. The client rights specialist may proceed with the inquiry only if written consent is obtained. If consent for access is not granted, the program shall attempt to resolve the matter through the informal resolution process. The program may include in forms used for presenting written grievances a corresponding provision relating to consent for release of confidential information.

Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.

(e) The client rights specialist shall maintain the confidentiality of any information about any program client gained during the inquiry, unless specific releases for that information are granted.

(f) With the consent of the grievant, the client rights specialist may suspend the formal resolution process and attempt an informal resolution of the grievance as provided in s. DHS 94.40 (4).

(3) REPORT OF CLIENT RIGHTS SPECIALIST. (a) In this subsection:

1. "Founded" means that there has been a violation of a specific right guaranteed to the client under ch. DHS 92 or this chapter or ch. 51, Stats.

2. "Unfounded" means that the grievance is without merit or not a matter within the jurisdiction of ch. DHS 92 or this chapter or s. 51.61, Stats.

(b) When the inquiry under sub. (2) (c) is complete, the client rights specialist shall prepare a written report with a description of the relevant facts agreed upon by the parties or gathered during the inquiry, the application of the appropriate laws and rules to those facts, a determination as to whether the grievance was founded or unfounded, and the basis for the determination.

(c) If the grievance is determined to be founded, the report shall describe the specific actions or adjustments recommended by the client rights specialist for resolving the issues presented. Where appropriate, the recommendation may include a timeline for carrying out the proposed acts and adjustments.

(d) If the grievance is determined to be unfounded, but through the process of the inquiry the client rights specialist has identified issues which appear to affect the quality of services in the program or to result in significant interpersonal conflicts, the report may include informal suggestions for improving the situation.

(e) Copies of the report shall be given to the program manager, the client and the grievant, if other than the client, the parent or guardian of a client if that person's consent is required for treatment, and all relevant staff.

(f) The client rights specialist shall purge the names or other client identifying information of any client involved in the grievance, other than the client directly involved, when providing copies of the report to persons other than the staff directly involved, the program manager or other staff who have a need to know the information.

(4) PROGRAM MANAGER'S DECISION. (a) If the program manager, the client, the grievant, if other than the client, and the guardian or parent, if that person's consent is required for treatment, agree with the report of the client rights specialist, and if the report contains recommendations for resolution, those recommendations shall be put into effect within an agreed upon timeframe.

(b) If there is disagreement over the report, the client rights specialist may confer with the client, the grievant, if other than the client, the parent or guardian of the client, if that person's consent is required for treatment, and the program manager or his or her designee to establish a mutually acceptable plan for resolving the grievance.

(c) If the disagreement cannot be resolved through the discussions under par. (b), the program manager or designee shall prepare a written decision describing the matters which remain in dispute and stating the findings and determinations or recommendations which form the official position of the program.

(d) The decision may affirm, modify or reverse the findings and recommendations proposed by the client rights specialist. However, the program manager shall state the basis for any modifications which are made.

(e) The program manager's decision shall be given personally or sent by first class mail to the client and the grievant, if other than the client, the parent or guardian of a client, if that person's consent is required for treatment, and all staff who received a copy of the report of the client rights specialist. The decision shall include a notice which explains how, where and by whom a request for

administrative review of the decision under s. DHS 94.42 (2) may be filed and states the time limit for filing a request for administrative review.

(5) TIME LIMITS. (a) *Filing a grievance.* 1. A client or a person acting on the client's behalf shall present a grievance to the client rights specialist, a staff person or the program manager within 45 days of the occurrence of the event or circumstance in the grievance or of the time when the event or circumstance was actually discovered or should reasonably have been discovered, or of the client's gaining or regaining the ability to report the matter, whichever comes last.

2. The program manager may grant an extension of the 45 day time limit for filing a grievance for good cause. In this subdivision, "good cause" may include but is not limited to circumstances in which there is a reasonable likelihood that despite the delay:

a. Investigating the grievance will result in an improvement in care for or prevention of harm to the client in question or other clients in the program; or

b. Failing to investigate the grievance would result in a substantial injustice.

(b) *Processing grievances in non-emergency situations.* In situations in which there is not an emergency, the following time limits apply:

1. A staff person receiving a request for formal resolution of a grievance shall present the request to the program manager or his or her designee as soon as possible but not later than the end of the staff person's shift;

2. The program manager or his or her designee shall assign a client rights specialist to the grievance within 3 business days after the request for formal process has been made;

3. The client rights specialist shall complete his or her inquiries and submit the report under sub. (4) within 30 days from the date the grievance was presented to a program staff person; and

4. A written decision under sub. (4) (e) shall be issued within 10 days of the receipt of the report, unless the client, the grievant, if other than the client, and the parent or guardian of the client, if that person's consent is necessary for treatment, agree to extend this period of time while further attempts are made to resolve the matters still in dispute.

(c) *Processing grievances in emergency situations.* 1. In emergency situations, the following time limits apply:

a. A staff person receiving the request shall immediately present the matter to the program manager or his or her designee;

b. The program manager or designee shall assign a client rights specialist as soon as possible but no later than 24 hours after the request is received;

c. The client rights specialist shall complete the inquiry and submit the report identified in sub. (4) within 5 days from the date the grievance was presented; and

d. A written decision under sub. (4) (e) shall be issued within 5 days of the receipt of the report, unless the client, the grievant, if other than the client, and the guardian or parent of the client, if that person's consent is necessary for treatment, agree to extend this period of time while further attempts are made to resolve the matters still in dispute.

2. If after a preliminary investigation it appears that there is no emergency, the client rights specialist may treat the situation as a non-emergency for the remainder of the process.

(6) PROTECTION OF CLIENTS. If the client rights specialist determines that a client or a group of clients is at risk of harm, and the program has not yet acted to eliminate this risk, he or she shall immediately inform the program manager, the county department operating or contracting for the operation of the program, if any, and the office of the department with designated responsibility for investigating client grievances under s. DHS 94.42 (1) (b) 2. of the situation. If the situation continues to place the client or the group of clients at risk, the office designated under s. DHS 94.42 (1) (b)

Unofficial Text (See Printed Volume). Current through date and Register shown on Title Page.

DHS 94.42 Administrative review by county or state. (1) RESPONSIBILITY FOR ADMINISTRATIVE REVIEW. (a) 1. For a program operated by a county department or under contract with a county department, a requested administrative review of the program manager's decision under s. DHS 94.41 (4) (e) shall be conducted by the director of the county department.

2. The director of a county department may conduct administrative reviews or may designate a specific person or persons from the county department's staff to conduct administrative reviews at the county level. If a staff person is designated to carry out a review, he or she shall prepare a final report for the approval of the director.

(b) 1. For a program operating independently of a county department, including a program operated by a state agency, a requested administrative review shall be carried out by the office of the department with responsibility for investigating client grievances as provided in subd. 2.

2. The secretary shall designate a unit or office of the department to be responsible for conducting state level administrative reviews. The supervisor of the unit or office shall assign a specific staff person to act as grievance examiner for a review brought directly to the state from a program under subd. 1. or for a review brought to the state following a county level review under s. DHS 94.43. This office shall also be responsible for investigating complaints under s. DHS 94.51 relating to the existence or adequacy of grievance resolution systems.

(2) REQUEST FOR ADMINISTRATIVE REVIEW. (a) A request for administrative review of a program manager's decision shall state the basis for the grievant's objection and may include a proposed alternative resolution.

(b) 1. A request for administrative review may be made in writing, orally or through a person's alternative means of communication to the program manager by the grievant, the client, if other than the grievant, or the client's parent or guardian, if that person's consent is necessary for treatment.

2. If the request is made orally or through an alternative mode of communication, the program manager shall prepare a written summary of the request.

(c) When an administrative review is requested, the program manager shall transmit a copy of the original grievance, the report of the client rights specialist, the written decision and the request for review to the director of the county department or the state grievance examiner, as appropriate.

(3) SWITCH TO INFORMAL RESOLUTION PROCESS. At any time, if all parties agree, the formal resolution process and any applicable time limits may be suspended to allow the parties to attempt an informal resolution of the matter under s. DHS 94.40 (4), facilitated by the individual conducting the review at that level of the process. If time limits are suspended, they shall begin running again upon request of any party that the formal resolution process be resumed.

(4) GATHERING OF INFORMATION AND PREPARATION OF REPORT. (a) *Consideration of report and decision.* The individual conducting the administrative review shall consider the report of the client rights specialist and the decision of the program manager, but shall independently render an opinion by applying the appropriate provisions of ch. 51, Stats., ch. DHS 92 and this chapter to the facts and circumstances of the grievance.

(b) *Gathering of additional information.* 1. If the state grievance examiner or county director, or his or her designee, determines that additional information is necessary to complete the review, or if the client or person acting on behalf of the client has

made a reasonable allegation that the findings of fact by the client rights specialist or the program manager are inaccurate, further inquiry into the circumstances underlying the grievance may be made, including but not limited to personal interviews, telephone calls and inspection of equipment, facilities, records, documents and other physical or written materials which may be relevant.

2. Individuals gathering information in support of an administrative review shall have access to all relevant areas of the facility or other program named in the grievance during ordinary business hours or any other times specifically referenced in the original grievance, and shall have access to all records pertaining to the grievance.

3. If requested by the client or other grievant, the individual conducting the administrative review shall contact the client or other grievant.

4. If the circumstances underlying the grievance require an examination of clinical services, including but not limited to psychotherapeutic treatment, behavioral interventions and the administration of medication, the individual conducting the review may request that consultation on the matters in question be provided by an independent clinician with the experience and training appropriate for the inquiry.

(c) *Report.* 1. The individual conducting the review shall prepare a written report with findings of fact, conclusions based on upon the findings of fact and a determination of whether the grievance was founded or unfounded as defined in s. DHS 94.41 (3) (a).

2. If the review has been carried out by a staff person designated by the county director, the staff person shall submit a draft report to the county director who shall issue a written decision in the matter.

3. If the review has been conducted by a grievance examiner appointed under sub. (1) (b) 2., the report by the grievance examiner shall constitute the administrative decision at the state level.

4. If the grievance is determined to be founded, the decision shall identify the specific actions or adjustments to be carried out to resolve the grievance.

5. If the grievance is determined to be unfounded, the decision shall dismiss the grievance, pending any further request for review.

(5) DISTRIBUTION OF COUNTY DIRECTOR DECISION. (a) Copies of the decision by the county director shall be given personally or sent by first class mail to the program manager, the client, the grievant if other than the client, the client rights specialist, the parent or guardian of the client, if that person's consent is required for treatment, all staff who received a copy of the program manager's decision, and the office of the department designated under sub. (c) If there is a disagreement over the decision, the parties may confer in a meeting facilitated by the individual conducting the review in an attempt to establish a mutually acceptable plan for resolving the grievance. Any applicable time limits shall be suspended while the parties confer, but shall begin running again if either party indicates a desire to resume the formal resolution process.

(d) The county director's decision shall include a notice to the client and the program director which explains how and where a state level review of the decision can be requested under s. DHS 94.43 and the time limits within which a request for further review must be filed.

DHS 94.48 Grievances involving several programs.

(1) If a client has presented the same grievance against several programs, each of which would ordinarily use a different client rights specialist, the client rights specialists from all the programs named in the grievance may:

- (a) Jointly conduct the investigation;
- (b) Delegate the task to one or more of the client rights specialists involved; or
- (c) Refer the matter to the county department or the office of the department with jurisdiction over the services offered by the program for an immediate county or first state review.

(2) If the client rights specialist or specialists believe the investigation of the grievance will require more time to complete than is allowed under the time limits established in this subchapter, the client rights specialist or specialists shall establish a reasonable time limit for completing the investigation. The client rights specialist or specialists shall notify the client, any person acting on the client's behalf and the program manager of the time limit within 10 days after beginning the inquiry.

(3) If there is an objection to the proposed time limit for completing the investigation, the client rights specialist shall attempt to reach an informal resolution of the objection. If the client, person acting on behalf of the client or the program manager continues to object, that person may request a review of the issue by the county department or the state grievance examiner, whichever would normally hear an appeal of the program level review. In the absence of a request, the time limit established by the client rights specialist or specialists for completing the investigation shall be controlling.

DHS 94.49 Grievances presented on behalf of clients. (1) Any person who is aware of a possible violation of a client's rights under ch. 51, Stats., ch. DHS 92 or this chapter may present a grievance on behalf of the client.

(2) When a grievance is presented on behalf of a client by someone other than the client's parent or guardian, and the parent or guardian's consent is required for treatment, the client rights specialist shall meet with the client and the client's parent or guardian, to determine if the client or the client's parent or guard-

ian, as appropriate, wishes the grievance investigated and resolved through the formal resolution process.

(3) If the client or, when the parent's or guardian's consent is required for treatment, the parent or guardian is opposed to using the formal resolution process, the client rights specialist may proceed with the investigation only if there are reasonable grounds to believe that failure to proceed may place the client or other clients at risk of physical or emotional harm. If there is no parent or guardian, or that person is not available, and the client is unable to express an opinion, the client rights specialist shall proceed.

(4) Where a grievance is filed on behalf of a client by a person who does not have a right to information about the client because of confidentiality statutes, the person may only receive confidential information as part of the investigation or resolution of the grievance with the informed consent of the client or his or her guardian, if there is one, the parent of a client who is under the age of 18, if the parent's consent is required for a release of information, or pursuant to an order of a court with jurisdiction over matters relating to the client under ch. 48, 51 or 55, Stats.

(5) In the absence of this consent, a person presenting a grievance on behalf of a client shall be informed of the determination of the client rights specialist and decision of the program manager, if any, regarding the merit of the grievance, but if the text of the determination contains confidential information to which the person is not privileged or for which a release has not been obtained, the text may not be disclosed to the person.

(6) (a) A person presenting a grievance on behalf of a client may request additional review of an adverse decision, up to and including final state review under s. DHS 94.44.

(b) If the client is opposed to requesting additional review, or when the parent or guardian's consent is required for treatment and the parent or guardian is opposed to requesting additional review, the reviewing officer may only proceed if the person presenting the grievance provides sufficient information to demonstrate that there are reasonable grounds for believing that failure to proceed may place the client or other clients at risk of physical or emotional harm.

(4) The client or a person acting on behalf of the client or the program manager may seek a review of the state grievance examiner's report under sub. (3) by the administrator designated under s. DHS 94.44 (1).
